

Certificate of Off-Site Training as a Console Surgeon

Ricardo Santos, M.D.

has successfully completed an Off-Site Training program in the role of a **Console Surgeon** using the *da Vinci*[®] or *da Vinci S*[™] Surgical System. This program consisted of didactic and practical skill application sessions covering the components and use of the *da Vinci* or *da Vinci S* Surgical System and *EndoWrist*[®] Instruments. Additionally, a training laboratory was conducted providing utilization of the *da Vinci* or *da Vinci S* Surgical System for key technical System skills as a **Console Surgeon**. Surgical team roles, responsibilities, and emergent management of the *da Vinci* or *da Vinci S* Surgical System were emphasized.

da Vinci[®] / *da Vinci*[®] *S*[™] Surgical System Off-Site Training Program
for a **Console Surgeon**

Gene Nagel
Vice President,
Sales Training and Education

Training conducted by:

Steve Kress, CST

da Vinci[®]

Jerry McNamara
Executive Vice President,
Worldwide Sales and
Marketing

This training program is not a replacement for hospital policy regarding surgical credentialing. Intuitive Surgical only trains on the use of the surgical tool, the *da Vinci* Surgical System. Any demonstration(s) during the training on how to use the System to perform a particular technique or procedure is not the recommendation or "certification" of Intuitive as to such technique or procedure, but rather is merely a sharing of information on how other surgeons may have used the System to perform a given technique or procedure.
